WHAT'S NEW

Age Deduction

Beginning in 2004, taxpayers born on or after January 2, 1939, may claim an Age 65 and Older "income based" age deduction. The income based age deduction is limited based on the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments, minus Social Security and Tier 1 Railroad benefits. For taxpayers born on or before January 1, 1939, the Age 65 and Older age deduction is not income based. In addition, the Under Age 65 age deduction will be phased out by taxable year 2006. Only taxpayers born on or between January 2, 1940, and January 1, 1942, may claim the Under Age 65 age deduction for 2004. See page 13 for additional information.

Conformity with the Internal Revenue Code

Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2002, to December 31, 2003. The special 30% and 50% bonus depreciation allowance for certain assets under the IRC and the 5-year net operating loss (NOL) carry back allowed for net operating losses generated in taxable year 2001 or 2002 are still **not** allowed. At the time these instructions went to print, the only required adjustments for "fixed date conformity" were the two mentioned above. However, as federal legislation has been enacted that results in changes to the Internal Revenue Code for the 2004 taxable year, taxpayers **will** be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Supplemental instructions will be posted on our web site at www.tax.virginia.gov. See page 11 for additional information.

Pass-Through Entity Legislation

Legislation enacted in 2004 requires pass-through entities to file an information return, and includes provisions related to unified nonresident returns. For taxable years beginning on and after January 1, 2004, nonresident owners of S corporations, partnerships, limited liability companies and other pass-through entities may elect to have the pass-through entity file a unified nonresident income tax return on their behalf provided that certain conditions are met. The unified nonresident return must be filed on the new Form 765. In the past, taxpayers were granted permission to file unified nonresident returns on Form 763, but such returns for 2004 and after must use the new form. The new Form 765 and instructions may be downloaded from the Department's website at www.tax.virginia.gov.

Neighborhood Assistance Act Credit

Certain healthcare professionals licensed pursuant to Title 54.1 who provide health care services within the scope of their licensure, without charge, to patients of certain free and not-for-profit clinics, are now eligible for the income tax credit under the Neighborhood Assistance Act, regardless of where the services are delivered. To claim the credit, approval from the Department of Social Services is required, and the approval certificate must be attached to your return. For additional information, call 804-726-7923 or 804-726-7924.

Unified Files New For 2004

Use Form 765, Unified Nonresident Individual Income Tax Return. See page 5 for more information.

Consumer's Use Tax

The Consumer's Use Tax for nonfood purchases increased from 4 ½ percent to 5% effective September 1, 2004. See page 24 for additional information.

Voluntary Contributions

For 2004, there are 4 new voluntary contributions: The Virginia Commission for the Arts, The Virginia Federation of Humane Societies, The Tuition Assistance Grant Fund, and The Spay and Neuter Fund. In addition, 8 Public School Foundations are eligible to receive voluntary contributions. See page 22 for additional information.

Tax Preparers

Tax preparers who prepared 200 or more individual income tax returns for a taxable year that began on January 1, 2003, or 100 or more individual income tax returns for a taxable year that began on or after January 1, 2004, are required, for every taxable year thereafter, to file all individual income tax returns using electronic means or software that produces a two dimensional barcode using 2D technology.

An "income tax return preparer" means a person who prepares, or employs one or more individuals to prepare, an income tax return for compensation. An income tax return preparer does not include volunteers who prepare tax returns for the elderly or poor as part of a nonprofit organization's program.

Tax preparers may request a hardship waiver to these filing requirements by completing and submitting Form 8454P. In addition, taxpayers who use a tax preparer subject to these filing requirements may Opt Out of filing by electronic medium or software that produces a 2D barcode by completing Form 8454T. For additional information, visit our web site at www.tax.virginia.gov.

Coming for 2005

Legislation passed in 2004 includes changes for taxable year 2005. Although the changes for 2005 do not affect the preparation of your 2004 Virginia individual income tax return, the changes will lower the amount of Virginia withholding tax deducted by employers from wages beginning January 1, 2005. The 2005 changes include an increase in the personal exemption, an increase in the filing thresholds, and an increase in the standard deduction for married taxpayers filing joint to \$6,000 (\$3,000 for married filing separately).

TAXPAYER BILL OF RIGHTS

The Virginia Department of Taxation's mission is to serve our customers by delivering an efficient, courteous, confidential and equitable tax revenue system to Virginia's citizens.

The 1996 General Assembly enacted the Virginia Taxpayer Bill of Rights to ensure protection of taxpayers' rights in the tax determination and collection processes administered by the Department of Taxation.

Our goal is to ensure that your rights are protected in all state tax assessment, audit and collections procedures, so that you will have the highest confidence in the integrity of our tax system.

For details, request the Virginia Taxpayer Bill of Rights publication. This brochure is available from any of the locations listed above for obtaining forms.

GENERAL INFORMATION

ESTIMATED INCOME TAX FILING

If you did not have enough income tax withheld, you may need to pay estimated income tax. Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than \$150.

To make estimated tax payments, File Form 760ES or visit our web site at www.tax.virginia.gov.

If you owe a large amount of tax, you may need to increase the amount of tax withheld or make estimated tax payments during the year.

You may be penalized if you underpaid your estimated tax or did not have enough tax withheld.

CIVIL AND CRIMINAL PENALTIES

The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of 100% of the correct tax.

Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

AMENDED RETURN FILING

When To File

If you file an amended federal return reflecting a change in your taxable income or any other amount that would affect the Virginia return, you must file an amended state tax return within ninety days.

If the change reduces the tax, the Department of Taxation by law may issue a refund only if the amended return is filed within:

- three years from the due date of the original return, including valid filing extensions;
- one year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- two years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- two years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

Form 763

To amend Form 763, complete a new Form 763 (for the tax year you are amending) using the corrected figures, as if it were the original return. Check the amended box on the top left of the return. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as a result of the original return.

Required Attachments

If you filed an amended federal return, attach a copy of your federal Form 1040X or other claim form and supporting material to your amended Virginia return to substantiate the amendment. If amending your Virginia return for other reasons, attach a statement to explain why you are amending your return. Show any computations necessary to verify the adjustments you are making. Staple your check or money order to the bottom left corner of your return if you owe a balance due. Also, staple to your return any additional Forms W-2 or 1099 if claiming more income tax withheld than what was claimed on your original return.

Federal Adjustments

If your federal income tax return was adjusted by the Internal Revenue Service during the taxable year, and the adjustment was not reported to the Virginia Department of Taxation, an amended Virginia return must be filed with a copy of the federal adjustments attached within ninety days after the final determination of such federal change, correction or renegotiation. See "When to File" earlier in this section for additional information.

Net Operating Losses

Although there is no express statutory provision for a separate Virginia net operating loss available for carryback or carryover, the amount of federal net operating loss is the starting point in computing the amount of deduction to be allowed on the Virginia return. Check the NOL box on the top left of the return. Taxpayers must file an "amended" Virginia return for the year of the deduction, if carried back. Instructions for computing and claiming this loss are in Title 23 Virginia Administrative Code (VAC) 10-110-80 through 87, available from the **Department of Taxation, Forms Request Unit, P.O. Box 1317, Richmond, VA 23218-1317**. Telephone **804-440-2541**.

DECEASED TAXPAYERS

If a person died during the taxable year or before the due date for filing a return, the personal representative or surviving spouse must file a return for the decedent. The personal representative may elect to file a joint return for the decedent and the surviving spouse. If a personal representative has not been appointed, the survivor may file a joint or combined return and indicate in the signature area that he or she is filing as surviving spouse.

If a refund is due, and the return filed is not a joint return with the surviving spouse, a copy of federal Form 1310 or the appropriate court appointment papers must be included with the return so that the refund may be issued in the name of the personal representative.

RECORDKEEPING

Keep your tax records for at least three years from the due date of the return or the date the return was filed, whichever is later. If the Internal Revenue Service requires you to keep your federal records for a longer period of time, keep your state records for the same period of time.

FILING REQUIREMENTS

Filing Threshold

Filing requirements are based on your residency status and the amount of your income. Dependents and students are subject to the same filing requirements as anyone else.

- Nonresidents of Virginia with income at or above the filing threshold must file if any of their income is from Virginia sources.
- Residents of Virginia with income at or above the minimum filing threshold must file.

For information on Virginia residency requirements, please read the next section, "Residency Status."

If your Virginia Adjusted Gross Income (VAGI) is at or above the threshold amount shown in the following table, you are required to file. VAGI is the Adjusted Gross Income on your federal return plus any Virginia additions, minus any Virginia subtractions. Information on Virginia additions and subtractions is included in the instructions for Lines 29 - 40 of Form 763, later in this book.

If your income is only from wages, salaries and interest from a savings or checking account, your VAGI is usually the same as the Adjusted Gross Income shown on your federal return. Once you have computed your VAGI, check the chart below to see if you need to file a Virginia income tax return.

You Do Not Have To File If You Are:

Single and your VAGI is less than **\$5,000**

Married filing a joint return (both must have Virginia Source Income) and your combined VAGI is less than **\$8,000**

Married, spouse has no income from any source and your VAGI is less than **\$4,000**

Married filing separately (on separate forms) and your VAGI is less than **\$4,000**

If you are not required to file, but you had Virginia income tax withheld, you are entitled to a refund of the amount withheld. You must file a return to get a refund.

We periodically review and update our records to make sure that we have correct return information. Sometimes, we have to contact taxpayers to confirm that they did not need to file for a given year. As a result, even if you do not need to file a return for 2004, you may receive an inquiry at a later date to verify your VAGI.

RESIDENCY STATUS

Residents

Every Virginia resident whose Virginia Adjusted Gross Income is at or above the minimum filing threshold must file.

Any "federal area" such as a military or naval reservation, federal agency or federal administration that is inside the geographical boundaries of Virginia is considered a location in Virginia and nonactive duty residents of those areas are subject to Virginia income tax just like residents of any other location in the state.

You may be required to file as a resident in two states if you are an actual resident of one state and a domiciliary resident of another state. (See definitions below.) If you are in this situation, you may be able to take a credit on the return filed in the state

of your legal domicile. Refer to the instructions for Line 19(f) of Form 763 for information on credit for tax paid to another state.

Domiciliary Residents

Anyone who maintains a legal domicile (residence) in Virginia, whether living in or out of Virginia, is a domiciliary resident. This includes members of the U.S. armed forces who have Virginia as their home of record. Domiciliary residents have their permanent place of residence in Virginia. Any person who has not abandoned his or her legal domicile in Virginia and established legal domicile in another state remains a domiciliary resident of Virginia, even if residing in another jurisdiction for a number of years. In determining domicile, we consider many factors. Some of the more common indicators of domicile are: voter registration; motor vehicle and personal property registration; business pursuits; expressed intent; conduct; leaseholds and sites of real property owned.

Actual Residents

Anyone, other than a member of the U.S. armed forces or the U.S. Congress, who maintains a place of abode (i.e., home) in Virginia for a total of more than 183 days of the taxable year while having legal domicile (residence) in another state or country is an actual resident of Virginia. This category often includes students who are domiciliary residents of another state while attending college in Virginia or the spouses and dependents of members of the U.S. armed forces stationed in Virginia. Although this residency classification does not apply to members of the U.S. Congress, it does apply to members of their families and staffs.

Nonresidents

Nonresidents of Virginia with Virginia Adjusted Gross Income at or above the filing threshold must file if any of their income is from Virginia sources. Income from Virginia sources is income received from labor performed, business done, or property located in Virginia, including gains from sales, exchanges or other dispositions of real estate and intangible personal property having a situs in Virginia. Virginia source income includes income passed through from a partnership, S corporation or limited liability company that does business in Virginia. It also includes business income and proceeds from real estate transactions passed through by a Virginia trust. It generally does not include personal savings account interest or dividends from an individual's stock market investments.

Those who maintain legal domicile in another state and live in Virginia less than 183 days of the taxable year (or do not live in Virginia at all) are nonresidents. Also, members of the U.S. armed forces who have another state as their home of record (legal domicile) are generally classified as nonresidents of Virginia, even though they may be stationed in Virginia for years.

Exceptions For Certain Nonresidents

If you are a nonresident of Virginia who commutes daily to work in Virginia from **Kentucky** or the **District of Columbia**, you do not have to file if:

- You have no actual place of abode in Virginia at any time during the year;
- Salaries and wages are your only Virginia source income; and
- Your salaries and wages are subject to income taxation by Kentucky or the District of Columbia.

If you are a nonresident of Virginia who is a resident of **Maryland, Pennsylvania or West Virginia** and you earn salaries and wages in Virginia, you are exempt from filing a Virginia income tax return and paying Virginia income tax if:

- Your only income from sources in Virginia is from salaries and wages; and
- Your salaries and wages are subject to income taxation by Maryland, Pennsylvania or West Virginia.

If you are a domiciliary resident of Kentucky, Maryland, Pennsylvania, West Virginia or the District of Columbia and have income from Virginia sources other than wages and salaries, (such as business income or gain from the sale of a residence), you must file a Virginia Nonresident Individual Income Tax Return, Form 763, and pay tax on income not specifically exempted above.

Members Of The Armed Forces

Active duty pay for members of the armed forces is taxable only in the state of legal domicile, regardless of where stationed. You must file as a nonresident if you are in the military, domiciled in another state and have any other income that is from Virginia sources.

The residency status and filing requirements for a spouse or a dependent of an armed forces member are not connected to those of the armed forces member. If you are a spouse or a dependent of an armed forces member who is stationed in Virginia, you must determine your own residency status and filing obligations.

Part-Year Residents

You may be a part-year resident if your residency in Virginia began or ended during the taxable year. Residents who move into or out of Virginia during the taxable year and do not fall into either category below are generally considered full-year residents.

- Virginia residents who move out of Virginia during the taxable year *and* become domiciliary residents of another state are part-year residents, provided they do not move back to Virginia for at least six months.
- Those who move into Virginia during the taxable year and become either domiciliary or actual residents of Virginia are also considered part-year residents.

The distinction between full-year and part-year residents is important in deciding which form to file and what income is taxable in Virginia. To compute Virginia Adjusted Gross Income (VAGI) and determine if VAGI meets the minimum filing threshold, part-year residents who file Form 760PY are allowed a subtraction from federal adjusted gross income equal to the amount of income attributable to residence outside Virginia.

If you are a part-year resident and you do not file the correct form, you will not compute the correct amount of tax. See the next section, “WHICH FORM TO FILE”.

WHICH FORM TO FILE

Residents File Form 760

File Form 760 if you are a part-year resident and all of your income came from Virginia sources or was received while you were a Virginia resident. This will allow you to claim the full exemption and standard or itemized deduction instead of computing partial amounts as required for part-year residents filing Form 760PY.

Part-Year Residents File Form 760PY

As a general rule, part-year residents file Form 760PY. If one spouse is a full-year resident and the other is a part-year resident, the couple may file together on Form 760PY. The part-year resident spouse will compute a prorated exemption amount. The full-year resident spouse will claim the full exemption amount.

If you are a part-year resident who received Virginia source income, as well as other income, during the portion of the year you lived in another state, you need to file two Virginia returns for the taxable year. File Form 760PY to report the income attributable to your period of Virginia residency. File Form 763, the nonresident return, to report the Virginia source income received as a nonresident.

Nonresidents File Form 763

Generally, nonresidents with income from Virginia sources must file a Virginia return if their income is at or above the filing threshold. Nonresidents who earn salaries and wages in Virginia and pay tax on those salaries and wages to the District of Columbia, Kentucky, Maryland, Pennsylvania or West Virginia are not required to file if they meet the criteria described in the previous section under “Exceptions for Certain Nonresidents.” Residents of states other than those in “Exceptions for Certain Nonresidents” do not qualify for a filing exception.

Usually, when one spouse is a resident and the other spouse is a nonresident, each spouse whose income is at or above the filing threshold, must file separately. The resident must file on Form 760. The nonresident spouse must file Form 763. There are only two circumstances in which such a couple can file jointly on the same return. If both spouses have income and all of the nonresident’s income is Virginia source income, a joint resident return (Form 760) may be filed. Also, if the nonresident spouse has no income at all, a joint resident return may be filed.

Members Of The Armed Forces

Use Form 763 if you are in the military, domiciled in another state and have any other income that is from Virginia sources. The filing requirements for a spouse or a dependent are not connected to those of the armed forces member. Examples follow.

If a married couple lives in Virginia the entire year, but is domiciled in Alabama, and has nonmilitary income from Virginia sources that is attributable to both spouses, the spouse on active duty will file Form 763, using Filing Status 4, while the nonmilitary spouse will file Form 760 using Filing Status 3. Generally, the state of domicile will allow credit for tax paid to Virginia on the earned income that is taxed in both states. If the nonmilitary spouse lived in Virginia less than 183 days of the taxable year, the couple will file Form 763 using Filing Status 2.

If the nonmilitary spouse’s domicile changed to Virginia during the year, Form 760PY will be filed, using Filing Status 3, to pay tax on income earned after becoming a Virginia resident. Any income received from Virginia sources before becoming a Virginia resident will be reported on Form 763.

Unified Nonresident Filers File Form 765

Partnerships, S Corporations and limited liability companies may file, on behalf of their non-resident partners, shareholders, or members, a **unified return** thereby relieving these persons of the responsibility of filing a Virginia non-resident individual return.

WHEN TO FILE

Calendar Year Filers May 2, 2005

File by May 2, 2005, if you are a calendar year filer.

Fiscal Year Filers

If your taxable year is not January 1 through December 31, your return must be postmarked by the 15th day of the fourth month following the close of your fiscal year.

When filing, you should write "FISCAL YEAR FILER" across the top of page 1 of Form 763 and attach a statement indicating the beginning and ending months of your 12-month fiscal year. If you file after the due date or do not pay the full amount due by the due date, you may have to pay penalties and interest. When filing by mail, the envelope must be postmarked by the due date.

If the due date falls on a Saturday, Sunday or legal holiday, you may file your return on the next day that is not a Saturday, Sunday or legal holiday.

Overseas Rule

If you are living or traveling outside the United States or Puerto Rico (including serving in the military or naval service), you must file your return by **July 1, 2005**. Be sure to check the appropriate box to the left of the name and address section.

Extension Requests

As a general rule, if you know you cannot file your return on time, file Form 760E to request an extension of time to file. You can also file for an extension on our web site at **www.tax.virginia.gov**. The maximum extension you may request is six months from the original due date of your return. You may not substitute a copy of your federal extension for Form 760E.

Filing for an extension does not grant you extra time to pay your tax. You must file for the extension and pay the tentative tax due by the original due date (May 2, 2005, for calendar year filers). If your income tax return is not filed by the extended due date, the extension will be invalid. In such a case, penalties will

be assessed as if the extension request had never been filed. See Form 760E for details. In the following situations, special rules apply.

Refund Returns

You do not need to file Form 760E if you cannot file by the due date and you are certain that your return will result in a refund. This is because the late filing penalty is not assessed on refund returns. To receive a refund, however, you must file within three years of the due date.

Foreign Income Exclusion

If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for thirty days after the date you expect to qualify for the exclusion. You must apply by letter on or before the first day of the seventh month following the close of your taxable year and attach a copy of the approved federal extension to your return when you file.

WHERE TO FILE

To file by mail, use the mailing address listed on the back cover of this book for the city or county where you live or last lived while a resident of Virginia or the Virginia Department of Taxation. Local phone numbers are also provided. Most part-year returns can also be filed electronically using e-file.

BALANCE DUE RETURNS

You can pay by check or by credit card. Make your check payable to the Treasurer of the city or county in which you reside. **Make sure your social security number is on your check and make a notation that it is your 2004 income tax payment.**

To pay by credit card, call 1-800-272-9829 (1 800 2 PAY TAX), or visit **www.officialpayments.com**. **The jurisdiction code for Virginia is 1080.** If you choose this option, fill in the checkbox on Line 27 of Form 763, indicating this type of payment. You will be assessed a fee by the company processing the transaction.

If you have already filed your return with your Commissioner of the Revenue and did not indicate you were paying by credit card, call your Local Commissioner of the Revenue's office for the correct jurisdiction code prior to initiating your credit card payment. Phone numbers are listed on the inside back cover.

DEBT COLLECTION ACT

Before issuing any refunds, Virginia law requires us to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court system. If any such debt is found, regardless of the type of tax return filed, all or part of your refund may be withheld to help satisfy the debt and processing of your return will be delayed.

AVOID COMMON MISTAKES

- **Sign your return.**
- Make sure your name, address and social security number(s) are correct.
- Check all math.
- If you itemized deductions, make sure you complete Part IV, Lines 42-44 on Form 763.

- Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for the penalties and interest if the postmark on the remailed return is after the due date.
- **File your original return. Do not file a photocopy.**

HOW TO ASSEMBLE YOUR RETURN

If you completed any of the forms shown below, you must attach copies to your Virginia return. Place these forms behind your Virginia return in the following order and staple them together at the location labeled “**STAPLE**” on the top, left-hand margin on the front of your Virginia return.

- If filing both Form 760PY and Form 763, attach Form 763 **behind** Form 760PY so that the title of Form 763 can be seen over the top of the title of Form 760PY. Attach a statement over the Form W-2 on Form 760PY stating that “Form 763 is attached behind Form 760PY.”
- **Virginia Forms**
 - Schedule NPY
 - Schedule CR
 - Form 760C or Form 760F
 - Form 760E
 - Forms 301, 304, 306 or 307
 - Any additional documentation as required
- **Federal Forms**
 - Complete copy of your federal income tax return
- If claiming credit for income tax paid to another state on Schedule NPY, attach a complete copy of the state tax return filed with the other state.

Withholding Forms

Instead enter your spouse’s name on the Filing Status 3 or 4 line below the address box.

If one filer on the return is deceased, only the surviving spouse’s name should appear on the “Your Name” line. This will ensure that any refund is issued to the surviving spouse.

The Privacy Act of 1974 requires any federal, state or local government agency that requests individuals to disclose their social security numbers to inform those individuals whether the disclosure is mandatory or voluntary, by what statutory or other authority the number is requested and how it will be used. The following information is provided to comply with these requirements.

Disclosure of the social security number is mandatory pursuant to these instructions, which are promulgated under the authority of Section 58.1-209 of the Code of Virginia. The social security number is used as a means of identification for the filing and retrieval of income tax returns and is also used to verify the identity of individuals for income tax refund purposes.

- **Name(s) and Address Different Than Shown of 2003 Virginia Return**

Check this box if your or your spouse's name and/or address is different than the one shown on your 2003 Virginia Return.

FILING STATUS

Check the box beside your filing status

Line 1 - Single (Filing Status 1)

Use this filing status if you claimed one of the following federal filing statuses on your federal return: Single, Head of Household, or Qualifying Widow(er). If you claimed the Head of Household filing status on your federal return, check the "Single" filing status box and the "Head of Household" box on Line 1.

Line 2 - Married, Filing Joint Return (Filing Status 2)

BOTH spouses must have Virginia source income.

You and your spouse may choose to file a joint return if both have Virginia Source Income and

- you computed your federal income tax liabilities together on a joint federal return; or
- neither of you was required to file a federal return.

When using Filing Status 2 or 3 on Form 763, your spouse's exemption is included in the "Yourself" column. Do not claim your spouse as a dependent.

Line 3 - Married, Spouse Has No Income From Any Source (Filing Status 3)

Husband and wife may elect to file under this status if

- federal income tax liabilities are determined on a joint federal return; or
- neither files a federal return; or
- one spouse files a separate return and the other spouse has no gross income and was not a dependent of another taxpayer. (Note that in this case, the standard deduction is limited to \$2,500.)

Also enter your spouse's name on the line provided.

Line 4 - Married, Filing Separate Returns (Filing Status 4)

A separate return must be filed if one of the following applies:

- both husband and wife are nonresidents and both have income from Virginia sources but do not elect to file jointly;
- both husband and wife are nonresidents and both have income but only one has income from Virginia sources; or
- one is a resident and the other is a nonresident with income from Virginia sources and they do not elect to file a joint resident return.

A spouse may claim only those personal exemptions, itemized deductions and other deductions that could have been claimed had a separate federal return been completed.

Where deductions and personal exemptions cannot be accounted for separately, they must be proportionately allocated between each spouse based on the income attributable to each. For example, if you file a joint federal return, one of you is a nonresident and you are unable to account separately for the child and dependent care deduction, that deduction must be proportionately allocated between each spouse based on the income attributable to each. One spouse may never claim less than a whole personal exemption. Even in the case where a

husband and wife have equal income and one child, only one spouse may claim that child.

Also, enter the spouse's name on the line provided

EXEMPTIONS

Enter the number of exemptions allowed in the appropriate boxes next to your filing status. If filing a joint return (Filing Status 2), enter the number for both spouses combined. The first exemption box has been completed for you.

65 or Over

To qualify for the additional personal exemption for age 65 or over, you must have been age 65 or over on or before January 1, 2005.

Blind

To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.

Dependents

Generally, you may claim the same number of dependent exemptions allowed on your federal return. If using Filing Status 3 or 4, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.

Exemption Amount

Multiply the total number of exemptions by \$800. Enter this amount on Line 12 also.

Line 5 - Dependent On Another's Return

Check the box if you can be claimed as a dependent on someone else's return. If you check this box, see the Line 11 instructions. Your standard deduction may be limited.

HOW TO ENTER NUMBERS

Round To Whole Dollars: To improve accuracy of return preparation and speed the processing of your return, all amount entries on your return must be rounded to the nearest dollar. Amounts less than 50 cents are to be rounded down while all amount 50 cents - 99 cents are to be rounded up.

Negative Numbers: Enter negative numbers (numbers less than 0) in brackets. For example, if your federal adjusted gross income was negative 12,000 enter this as [12,000].

Line 6 - Adjusted Gross Income

Enter the total amount of your federal adjusted gross income from your federal income tax return. **Do not enter your federal taxable income.**

Where husband and wife have filed a joint return for federal income tax purposes and have not elected to file a joint Virginia income tax return, such items allowable for Virginia income tax purposes must be allocated and adjusted as follows:

- Each spouse must claim his or her income. Income must be allocated to the spouse who earned the income and with respect to whose property the income is attributable.
- Allowable adjustments to federal gross income with respect to trade, business, production of income or employment must be allocated to the spouse to whom they relate.

Line 7 - Additions

Complete Part I, Lines 29 through 32 on the back of Form 763, and enter the amount from Line 32.

Line 8 - Total

Add Lines 6 and 7 and enter the total.

- you are single (Filing Status 1) and Line 10 is less than \$5,000;
- you are married, filing a joint return (Filing Status 2) and Line 10 is less than \$8,000; or
- you are married and your spouse has no income from any source (Filing Status 3) or you are married filing a separate return from your spouse (Filing Status 4) and Line 10 is less than \$4,000.

The filing threshold amount for a dependent (regardless of age) is the same as for any other individual (even if the dependent's standard deduction would be limited on Line 11).

If you are not required to file a return but had income tax withheld or made estimated income tax payments, take the following steps to claim your full refund:

- skip to Line 18 and enter "0" as your tax (because your income is below the filing threshold).
- complete Lines 19(a) through (g), Line 20 and Lines 22 through 28. You are entitled to a full refund.

If you are required to file a return, continue to Line 11.

Line 11 - Standard Deduction

Enter either your standard deduction amount from Part III or the amount of itemized deductions from Part IV. The standard deduction must be claimed unless itemized deductions are claimed on your federal income tax return.

NOTE: If you could be claimed as a dependent on the federal income tax return of another taxpayer and had any unearned income during the year, your standard deduction may be limited. See "Dependent's Limited Standard Deduction" in the instructions for Line 41 for more information.

Line 12 - Exemption Amount

Enter the total exemption amount computed on Line 1, 2, 3 or 4 from the exemption section of the return. The total exemption amount is the number of exemptions claimed multiplied by \$800.

Line 13 - Virginia Child And Dependent Care Expenses Deduction

Enter the amount on which the federal credit for child and dependent care expenses is based. (This is the amount on Federal Form 2441 or Schedule 2 of Form 1040A that is multiplied by the decimal amount.) Do not enter the federal credit amount.

You may claim the deduction for child and dependent care expenses on your Virginia return only if you were eligible to claim a credit for child and dependent care expenses on your federal return. If you filed a joint federal return and you file a separate Virginia return, you may allocate this amount as mutually agreed.

The amount of employment-related expenses that may be subtracted is limited to the amount actually used in computing the federal credit for child and dependent care expenses. As a general rule, you are limited to a maximum of \$3,000 for one child and \$6,000 if you are claiming the expenses for two or more dependents, or the earned income of the spouse having the lowest income, whichever is less.

Line 14 - Subtotal

Add Lines 11, 12, and 13 and enter the total.

Line 15 - Taxable Income Computed As A Resident

Subtract Line 14 from Line 10 and enter the result.

Line 16 - Percentage From Line 59, Part V

Complete Part V on back of Form 763, Lines 45 through 59, and enter the percentage from Line 59. Enter 100% if all of your income is from Virginia sources.

NOTE: Compute the percentage amount to one decimal place (example: 5.4%) not to exceed 100% or an amount less than 0. If the percentage amount is not entered as one decimal place, the processing of your return may be delayed.

Line 17 - Nonresident Taxable Income

Multiply the amount shown on Line 15 by the percentage shown on Line 16 and enter the result.

Line 18 - Income Tax

Enter the tax from the tax table included in these instructions. If Line 17 exceeds the maximum amount listed in the tax table, compute the tax using the tax rate schedule.

Line 19 - Payments

Line 19(a) - Your Virginia Income Tax Withheld

Line 19(b) - Spouse's Virginia Income Tax Withheld

Enter the amount shown as Virginia income tax withheld on Forms W-2, W-2G or 1099-R. Each form must show Virginia as the state where the income tax was withheld. Staple the forms to your return in the location indicated in the left margin.

Withholding Forms

To receive credit for withholding, you must attach withholding statements (Forms W-2 and 1099) to your return. Make sure these withholding forms are easy to read and indicate the same amount(s) of withholding as you claim. Also, these statements must show the correct social security numbers and that the withholding was paid to Virginia. Staple these forms to the middle of the left margin on front of your Form 763. If you need a corrected Form W-2 or 1099, you must contact the issuer of that form.

Line 19(c) - 2004 Estimated Income Tax Payments

Enter the amount of 2004 Virginia estimated income tax payments. Also include any amounts credited to 2004 Virginia estimated income tax from the overpayment on your 2003 Virginia individual income tax return.

Line 19(d) - Extension Payments

Enter the total tentative tax payment made with Form 760E.

Line 19(e) - Tax Credit For Low-Income Individuals

If your total family income does not exceed the federal poverty guidelines, you may be eligible to claim this credit for low income individuals. Individuals who are dependents on another taxpayer's return are not eligible for this credit.

The credit may not be claimed if you, your spouse, or any dependent claims any of the following:

- Virginia National Guard Subtraction
- Military pay subtraction (first \$15,000)
- Subtraction for first \$15,000 for state and federal employees whose annual salary is \$15,000 or less
- Exemption for taxpayers who are blind or age 65 and over
- the Age Deduction
- you are claimed as a dependent on another taxpayer's return

If you are eligible, calculate the credit by completing Schedule NPY, Part II. After you have completed Part II, enter on Line 19(e) the credit amount from Schedule NPY, Part II, Line 11. See instructions for Schedule NPY starting on page 21.

Line 19(f) - Credit for Tax Paid To Another State

Generally, Virginia will not allow taxpayers filing nonresident individual income tax returns to claim credit for income tax paid to another state. The only exception to the above rule involves income taxes paid to the following states:

- Arizona
- District of Columbia
- California
- Oregon

If you are a resident of one of the above states and have Virginia Source income as a "nonresident" and the income is taxed by both Virginia and the other state, you are eligible for this credit.

After you have completed Schedule NPY, Part III, enter on Line 19(f) the credit amount from Schedule NPY, Part III, Line 8. See instructions for Schedule NPY starting on page 21.

Line 19(g) - Credits From Schedule CR.

Complete **Schedule CR** and attach it to your return to claim the following tax credits. For some credits, other Virginia forms are also required. To order Schedule CR, Schedule CR Instructions and these other credit forms, see page 2.

If you are only claiming a Political Contributions Credit, enter the amount of the credit and check the box. You do not need to attach Schedule CR. The Political Contributions Credit is available to individuals who make contributions to candidates for state or local political office. The credit is 50 percent of the amount of the contribution, subject to a \$25 limit for individuals and a \$50 limit for married taxpayers filing jointly and cannot exceed your tax liability.

For details on these credits and information on carryover and pass-through provisions, refer to Schedule CR, Schedule CR instructions and the organizations or forms specified.

If you leave Line 22 blank, the department will compute the addition to tax, penalty and interest for you and then send you a bill. If your income varied during the year, however, you may be entitled to a lower addition to tax than what the department would automatically compute. In such cases, you should complete Form 760C to show when the income was received and what the addition to tax should be.

Fixed Date Conformity Update

BONUS DEPRECIATION If depreciation was included in the computation of your Federal Adjusted Gross Income and one or more of the depreciable assets received the special 30% or 50% bonus depreciation deduction for federal purposes in either 2001, 2002, 2003, or 2004, then depreciation must be recomputed for Virginia purposes as if such assets did not receive the special 30% or 50% bonus depreciation deduction for federal purposes in either 2001, 2002, 2003, or 2004. If the total 2004 Virginia depreciation is **less** than 2004 federal depreciation, then the difference must be recognized as an addition on the Fixed Date Conformity Work Sheet. If the total 2004 Virginia depreciation is **more** than 2004 federal depreciation, then the difference must be recognized as a subtraction on the Fixed Date Conformity Work Sheet. For more information see Virginia Tax Bulletin 02-3 at www.tax.virginia.gov or call Customer Services at 804-367-8031.

If an asset was disposed of in 2004 and such asset received the special 30% or 50% bonus depreciation deduction for federal purposes in either 2001, 2002, 2003, or 2004, and a gain or loss was recognized for federal purposes, then the gain or loss must be recomputed as if such asset did not receive the special 30% or 50% bonus depreciation deduction for federal purposes in either 2001, 2002, 2003, or 2004. The appropriate adjustment should be combined with all other adjustments made for the bonus depreciation and reflected in either Bonus Depreciation Additions or Bonus Depreciation Subtractions.

Check our web site, www.tax.virginia.gov, for other Fixed Date Conformity adjustments that have passed after these instructions were printed.

PART I - ADDITIONS TO FEDERAL ADJUSTED GROSS INCOME

MUTUAL FUNDS

If you received federally tax exempt interest dividends from a regulated investment company (mutual fund) that invested in obligations both taxable and exempt for Virginia purposes, the entire dividend income must be entered as an addition unless you attach a statement provided by the fund that:

- details the amount of dividends you earned; and
- summarizes the prorations between exempt and taxable dividends (monthly breakdown is preferred).

A typical situation would involve a mutual fund that invests in bonds of several states, including Virginia. The interest on the bonds issued by the other states is taxable for Virginia purposes, even though exempt for federal purposes. Unless the taxpayer is able to substantiate the amount attributable to the Virginia bonds, the total amount of dividends exempt from federal taxation will be an addition on the Virginia return.

Line 29 - Interest On Obligations Of Other States

Enter the interest not included in federal adjusted gross income, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such state unless created by compact or agreement to which this state is a party.

Line 30 - Other Additions

A. Interest On Federally Tax-Exempt US Obligations

Enter the interest or dividends earned while a Virginia resident, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state tax.

B. Transitional Modifications

Enter the amount necessary to prevent the deduction of any item properly deductible in determining a tax under prior Virginia state law.

C. Accumulation Distribution Income

Enter the taxable income used to compute the partial tax on an accumulation distribution as reported on federal Form 4970.

D. Lump-Sum Distribution Income

If you received a lump-sum distribution from a qualified retirement plan while you were a Virginia resident and elected to use the ten-year averaging method using federal Form 4972, complete the work sheet below to determine what portion, if any, must be included as an addition on the Virginia return.

1. Enter the total amount of the distribution subject to federal tax (ordinary income and capital gain)
2. Enter the total federal minimum distribution allowance, federal death benefit exclusion and federal estate tax exclusion
3. Subtract Line 2 from Line 1. Include this amount on Form 763, Line 30

E. Other

Attach an explanation for other additions.

Line 31 - Special Fixed Date Conformity Additions

Check the box on the top left of page 1 of Form 763 if your return has an addition due to Fixed Date Conformity.

A. Bonus Depreciation - For an explanation, please see the section titled, *Fixed Date Conformity Update*. Enter the amount that should be added to Federal Adjusted Gross Income based upon the recomputation of allowable depreciation.

B. Other Fixed Date Conformity Additions from Supplemental Instructions - As federal tax legislation was passed after the printing deadline for these instructions, please refer to the Supplemental Fixed Date Conformity Instructions to determine if you are required to make any additional additions due to this federal tax legislation. The Supplemental Fixed Date Conformity Instructions are available on the Department's website, www.tax.virginia.gov. If you are required to make any Supplemental Fixed Date Conformity additions, please enter the total amount of such additions on this line.

C. Total Of Lines A and B

Enter the total of Lines A and B here and on 763, Line 31.

PART II - SUBTRACTIONS TO FEDERAL ADJUSTED GROSS INCOME

MUTUAL FUNDS

If you received income from a regulated investment company (mutual fund) that invested in obligations both taxable and exempt for Virginia purposes, the entire income must be considered taxable by Virginia unless you attach a statement provided by the fund that:

- details the amount of income you earned; and
- summarizes the prorations between exempt and taxable income (monthly breakdown is preferred).

If you provide this information, enter the exempt portion of income on Line 35 or Line 39 as appropriate.

Line 33 - Age Deduction

Are you eligible to claim an age deduction?

For 2004, taxpayers born on or before January 1, 1942, may qualify to claim an age deduction based on birth date, filing status and income. A taxpayer who qualifies to claim an age deduction may **NOT** also claim either of the following:

- **Disability Subtraction (Form 763, Line 37)**

If you qualify to claim an age deduction, you may not also claim a disability subtraction. For married taxpayers, each spouse, if eligible, may claim either an age deduction or a disability subtraction.

You should claim the deduction or subtraction that gives you the greatest tax benefit.

- **Credit for Low Income Individuals**

You may not claim both an age deduction and a credit for low income. For married taxpayers filing separate returns, if one spouse claimed a credit for low income, then neither spouse can claim an age deduction.

If you, or your spouse if you are married, are not claiming a disability subtraction or a credit for low income and your birth date is on or before January 1, 1942, please read the information below to determine if you qualify for an age deduction and how to determine the amount of the age deduction you may claim for 2004.

Line 33(a) - Enter Birth Date

- For Filing Status 1, enter your birth date in Column B.
- For Filing Status 2 and 3, enter your birth date in Column B and your spouse's birth date in Column A. Both birth dates are required even if only one qualifies for an age deduction.

Line 33(b) - Age Deduction

- **Taxpayers Under Age 65**

If you were **born on or between January 2, 1940, and January 1, 1942**, you may claim an age deduction of \$6,000 for 2004.

For married taxpayers, each spouse's age deduction is based on that spouse's birth date. The age deduction for filers under age 65 will be phased out by taxable year 2006.

Taxpayers born after January 1, 1942, will not be eligible to claim an age deduction until the tax year in which age 65 is obtained.

- **Taxpayers Age 65 and Older**

If you, or your spouse if you are married, were **born on or before January 1, 1940**, you may qualify to claim an age deduction of up to \$12,000 each for 2004.

The age deduction you may claim will depend upon your birth date, filing status, and income.

If your birth date is:

- **On or before January 1, 1939**

Your age deduction is not income based. You may claim an age deduction of \$12,000. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For a spouse born after January 1, 1939, the age deduction for that spouse is based on the criteria below.

- **On or between January 2, 1939, and January 1, 1940**

Your age deduction is based on your income. A taxpayer's income, for purposes of determining an **income based age deduction**, is the taxpayer's *adjusted federal adjusted gross income* or "AFAGI".

A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments, minus taxable Social Security and Tier 1 Railroad benefits.

- For Filing Status 1, Single taxpayer, the maximum allowable age deduction of \$12,000 is reduced \$1 for every \$1 the taxpayer's AFAGI exceeds \$50,000.
- For All Married Taxpayers, whether filing jointly or separately, the maximum allowable age deduction of \$12,000 each is reduced \$1 for every \$1 the married taxpayers' joint AFAGI exceeds \$75,000.

To compute your income based age deduction, use the Age 65 and Older Income Based Age Deduction Work Sheet on the next page.

Also, be sure to enter the following at the beginning of Line 33:

- If completing the Age 65 and Older Age Income Based Deduction Work Sheet on the next page, enter the Adjusted Federal Gross Income (AFAGI) from Line 8 of the work sheet.
- If Filing Status 4 is selected, enter your spouse's birth date.

Notice to ALL Married Taxpayers

A married taxpayer's **income based age deduction** is **always** determined using the married taxpayers' **joint AFAGI**. Regardless of whether you are filing jointly or separately, if you are married, your income based age deduction is determined using both your and your spouse's income.

In addition, if both spouses are claiming an **income based age deduction**, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first and then the joint age deduction is allocated to each taxpayer.

AGE 65 AND OLDER INCOME BASED AGE DEDUCTION WORK SHEET

Line 34 - State Tax Refund Or Overpayment Credit Reported As Income On Your Federal Return

Enter the amount of any state income tax refund or overpayment credit reported as income on your federal income tax return.

State, local or foreign income taxes withheld from your salary, estimated tax payments or payments made on tax for a prior year to such taxing authority may be deducted on your federal return for the year withheld or paid. The federal deduction is for the amount paid rather than the tax liability, so a refund or credit is generally treated as taxable income (a recovery of an excessive deduction) on the federal return. Since Virginia does not allow the state and local income tax deduction, a federally taxable refund or overpayment credit is to be subtracted from federal adjusted gross income on the Virginia return.

Line 35 - Income From U.S. Obligations

Enter the amount of income (interest, dividends and gain) derived from obligations or the sale or exchange of obligations of the United States and on obligations or securities of any authority, commission or instrumentality of the United States to the extent included in federal adjusted gross income but exempt from state income taxes under the laws of the United States. This includes, but is not limited to, stocks, bonds, treasury bills and treasury notes. It does not include interest on refunds of federal taxes, equipment purchase contracts or normal business transactions.

4. Married, filing separate return	\$2,500

This rule applies to dependents of all ages, including children under age 19 and full-time students under 24 years old who are eligible to be claimed as a dependent on their parent's return.

Remember to check the box (on Line 5) on the front of Form 763 if you can be claimed as a dependent on another's return. Your maximum standard deduction for Line 41 is the *lesser* of EARNED INCOME; or

1. \$3,000 if you are single (Filing Status 1)

This includes children under age 19 and full-time students under the age of 24 who are eligible to be claimed as dependents on their parents' returns. Remember to check the box on Line 5 if you can be claimed as a dependent on someone else's return and had unearned income. 1. Items of income gain, loss and deductions attributable to:

For most nonresidents, the income shown on Lines 46, 47 and 56, Column A, is not considered income from Virginia sources. Multiply the number of exemptions reported on Line 9 by \$300.

Line 11 - Credit

Compare the amount of tax on Form 763, Line 18 to the amount on Line 10. Enter the lower amount on Line 11. This is your Tax Credit for Low Income Individuals. Also, enter this amount on Form 763, Line 19(e).

The credit for low income is a nonrefundable credit. A nonrefundable credit cannot exceed your tax liability. If you claim any credits on Form 763, Line 19(f) or Line 19(g), in addition to the low-income credit, the sum of all nonrefundable credit claimed cannot exceed your tax liability on Form 763, Line 18.

Many low income individuals who work and have earned income under \$35,458 may also qualify for the Federal Earned Income Credit when filing their federal tax return! See your Federal instructions or call 1-800-829-3676 to order Pub 596.

PART III - CREDIT FOR TAX PAID TO ANOTHER STATE

Generally, Virginia will not allow taxpayers filing nonresident individual income tax returns to claim credit for income tax paid to another state. The only exception to the above rule involves income taxes paid to the following states:

- Arizona
- District of Columbia
- California
- Oregon

If you are a resident of one of the above states and have Virginia Source income as a “nonresident” and the income is taxed by both Virginia and the other state, you are eligible for this credit.

A complete copy of the state tax return filed in the state for which you claim the credit. Copies of Forms W-2, W-2G or 1099-R are not sufficient to verify payment of the tax to the other state.

Line 1 - Qualifying Taxable Income Reported To The Other State

Read the qualifying income section and the specific instructions for nonresidents below to ensure that you enter the correct amount on this line, then enter the taxable income on which the tax in the other state is based.

Qualifying Income

To be qualified, the income on this line must be included as taxable income on both the Virginia return and the other state’s return. Enter the total taxable income from all of the following that apply to you to the extent that this income was taxed by the other state:

- Earned or business income derived from sources within Virginia, which is subject to tax by Virginia as well as another state;
- Any gain, provided such gain is included in federal adjusted gross income, on the sale of a capital asset located in Virginia, which is subject to tax by Virginia as well as another state.

Line 4 - Virginia Income Tax

Enter the amount from Form 763, Line 18.

Line 5 - Income Percentage

Divide Line 2 by Line 1. Compute the percentage to one decimal place. (For example, .3163 becomes 31.6%). If the result is greater than 100%, enter 100%.

Line 7 - Credit

Enter the lesser of Line 4 or Line 6.

Line 8 - Total

Add Line 7, Column A and Column B. Also enter of Form 763, Line 19(f).

Note: The sum of Schedule NPY, Part II, Line 11 and Schedule NPY, Part III, Line 8 cannot exceed your tax liability. Lower the amount of this line if necessary to ensure sum does not exceed.

PART IV - ADDITION TO TAX, PENALTY AND INTEREST

Addition To Tax For Underpayment Of Tax

Even if your return results in a refund, you may owe an “addition to tax” for underpaying your withholding or estimated tax. Virginia law requires that you pay your income tax in timely installments throughout the year by having income tax withheld or making payments of estimated tax. If you do not pay at least 90% of your tax in this manner, you may be charged an addition to tax.

There are four (quarterly) installment periods for determining whether you underpaid your tax for the year. If your taxable year is from January 1 through December 31, your quarterly payments are due May 1, June 15, September 15, and January 15 (of the following year). Underpayments are determined as of each installment due date, so an overpayment in one quarter cannot cancel out an underpayment for a previous quarter. The addition to tax does not apply if each payment is made on time and:

- the total tax paid through withholding and timely estimated tax payments is at least 90% (66 2/3% for farmers, fishermen or merchant seamen) of the current year's tax liability (after nonrefundable credits) or 100% of last year's tax liability (after nonrefundable credits);
- the sum of the quarterly underpayments for the year is \$150 or less; or
- you meet one of the exceptions computed on Form 760C or Form 760F.

Line 1 - Addition To Tax

Enter the amount of the addition to tax computed on Form 760C (for individuals, estates and trusts) or Form 760F (for farmers, fishermen or merchant seamen). If you underpaid your estimated income tax or had insufficient income tax withheld for the taxable year, you may owe the "addition to tax" computed on Form 760C or Form 760F.

Line 2 - Penalty

Use the work sheet to compute the applicable penalty and check the appropriate box. If you file your return after May 2, 2005, you may owe either a late filing penalty or an extension penalty.

Late Filing Penalty

If you do not file your tax due return by the due date or extended due date, you will owe a late filing penalty. The penalty is 6% of the tax due for each month or part of a month that the return is late, but not more than 30%.

Extension Penalty

If you filed a timely extension and file your return by the extended due date, and the tax due is greater than 10% of your total tax liability, you will owe an extension penalty. The penalty is 1/2 of 1% per month or part of a month from the original due date of the return until the return is filed. The extension penalty cannot exceed 3% of the tax due.

Penalty Work Sheet

To compute the late filing or extension penalties:

- Enter amount from Line 21, Form 763
- Enter number of months that the return is late (include any part of a month as a full month)
- For late filing penalty (if applicable), multiply Line b by 6% (.06) and enter the result, up to 30% (.30)
- For extension penalty (if applicable), multiply Line b by 0.5% (.005) and enter the result, up to 3%
- Multiply the amount on line (a) by the percentage on line (c) **OR** line (d). Enter here and on Schedule NPY, Part IV, Line 2

Late Payment Penalty

If you do not pay your tax due by the due date, you will owe a late payment penalty. The penalty is 6% of the tax due for each month or part of a month that the payment is late, but not more than 30%. For any month that the late filing penalty applies, the late payment penalty will not apply. The total of late filing penalty and late payment penalty cannot be more than 30% of the tax due.

NOTE: If you file your return after the extended due date, your extension will be void and you will owe the late filing penalty. If you file your return by the extended due date, but do not pay the tax in full, a late payment penalty will accrue on the balance of tax due. Interest accrues on **any** balance of tax owed with a return filed on extension, regardless of whether the balance exceeds 10% of the tax.

Line 3 - Interest

If you filed a tax due return after the filing date, even if you had an extension, you are liable for interest on the tax due amount on Form 763, Line 21, from the due date to the date filed or postmarked. To obtain the daily interest factor, please call (804)367-8031 or contact your locality.

Enter the amount on Schedule NPY, Part IV, Line 3.

Line 4 - Total

Add Lines 1, 2 and 3. Enter here and on Form 763, Line 23.

Line 6 - Consumer's Use Tax

You will need to pay Consumer's Use Tax if, during the year, you purchased:

- merchandise by telephone, internet, or television and no sales tax was charged
- merchandise while outside of Virginia and paid no sales tax
- more than \$100 in merchandise by mail and no sales tax was charged

The consumer's use tax is based on what you paid for the item ("cost price"). "Cost price" does not include separately stated shipping or delivery charges, but it does include a "shipping and handling" charge if listed as a combined item on the sales invoice. If the purchases were from out-of-state mail order catalog(s) and exceed \$100 or any amount from other sources, then you must report this and pay consumer's use tax on the **TOTAL** amount of *untaxed* purchases from **all** sources *during the calendar year*. Nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment or prevention of diseases in human beings are exempt from the consumer's use tax.

The tax is 4 1/2% of the total cost price (except for food purchased for home consumption) from January 1, 2004 - August 31, 2004 and 5% of the total cost price (except for food purchased for home consumption) from September 1, 2004 - December 31, 2004. The tax rate on food purchased for home consumption is 4%.

You may enter the amount of the Consumer's Use Tax you owe on Schedule NPY, Part V, Line 6 or file **Form CU-7** to pay the Consumer's Use Tax. If you enter your Consumer's Use Tax amount on your Schedule NPY, do not file Form CU-7.

TAX RATE SCHEDULE

IF YOUR VIRGINIA TAXABLE INCOME IS:

Not over \$3,000, your tax is 2% of your Virginia taxable income.

over—	but not over—	your tax is—	of excess over—
\$ 3,000	\$ 5,000	\$ 60 + 3 %	\$ 3,000
\$ 5,000	\$17,000	\$ 120 + 5 %	\$ 5,000
\$17,000		\$ 720 + 5.75 %	\$17,000

Example

If your taxable income is \$90,000, your tax is \$720 + 5.75% of the amount over \$17,000.
This equals \$720 + (.0575 x \$73,000) = \$720 + \$4,197.50 = \$4,917.50 which should be rounded to
\$4,918.
